**Don't  
You Know**that you can secure al-  
most immediate relief  
from Indigestion, and  
that uncomfortable full-  
ness after meals, by sim-  
ply taking a dose of Sim-  
mons Liver Regulator?  
Some people think that  
because it is called Liver  
Regulator it has nothing  
to do with Indigestion  
and the like. It is the  
inaction of the Liver that  
causes Indigestion, and  
that fullness; also Con-  
stipation, and those Bil-  
ious Headaches. Millions  
have been made to under-  
stand this and have been  
cured from these troubles  
by Simmons Liver Regu-  
lator—a medicine unfaul-  
ing and purely vegetable.From Rev. M. B. Wharton, Baltimore, Md.  
"It affords me pleasure to add my testi-  
mony to the great virtues of Simmons  
Liver Regulator. I have had experience  
with it, as occasion demanded, for many  
years, and regard it as the greatest medi-  
cine of the times. So good a medicine  
deserves universal commendation."A new building in Denver, intended  
to accommodate twenty light manufac-  
turing concerns, has been wired and  
equipped throughout for the distribution  
of power to the different tenants by  
means of electricity.**Bathing at the Southern Beaches.**Something has been said heretofore in  
regard to the inconvenience caused by  
sea blubbers to the surf bathers on the  
island. This nuisance, instead of abat-  
ing, is on the increase, and if any one  
wishes to bathe in the sea water now  
with impunity it becomes necessary to  
"completely" swathe himself in clothing  
"from head to foot for fear of being stung."The effects of these stings vary ac-  
cording to the constitution of the suffer-  
er. Usually, in persons of good health  
and active circulation, an angry red  
blotch appears in the skin proportionate  
in size to the animal by which it is in-  
flicted, rarely exceeding eight or ten  
inches in diameter. An intolerable  
smarting irritation is produced which re-  
mains ordinarily about half an hour,  
and it is easy to imagine the condition of  
a nervous or sensitive person when stung  
in three or four places at once. The  
feeling must be nearly akin to that of  
being on fire.In some cases the effects are more seri-  
ous. A young man recently showed the  
writer his arm, which was severely  
stung. A broad band of what looked like  
highly inflamed mosquito bites formed  
an almost perfect spiral around the fore-  
arm. He complained that the pain was  
at first intense, and that although under  
a physician's treatment it was rapidly  
becoming less, still it was far from  
pleasant.An old sea islander who took a surf  
bath the other night said that he had  
seen sea blubbers before and in consid-  
erable quantities, "but never like this.  
At certain seasons of the year," said he,  
"it is nothing unusual to get stung. Here  
the exception seems to be to get stung  
less than five times in half an hour."Complaints of sea blubbers come also  
from Tybee and other watering places in  
the south.—Charleston News and Courier.**Eat Candy**if you will, but be sure to use SOZODONT

APPEALING TO MEN'S REASON.

The present campaign is an educational one. The issues involved appeal to men's reason, not to their prejudices. The interests of the people of the State are identical. If times are lively men of every shade of political opinion share in the prosperity; if business is dull all feel the depression. If the remuneration of silver benefits the miner directly it also benefits the farmer, professional man and laborer. As all, with the exception of the most pronounced goldbugs, concede that free coinage is absolutely necessary to restore prosperity and increase the population of the State, there should be in Western Nevada, as in Eastern Nevada, practically but one political sentiment and that the success of the Silver party.

There are, unfortunately, in three or four counties of the State, a few selfish individuals, who care little for the public welfare, so long as they are provided for at the public expense. They appeal to the prejudices of the uninformed and in the case of Republicans desire only the success of the party which now gives them office, and in the case of the Democrats, wish only for victory for that party in the hope of getting office. As the masses of the people are not holding, seeking or expecting Federal positions, they have no other object in view than the prosperity of the community. These are the men who have divested themselves of partisan prejudices and organized the movement to secure the remuneration of silver.

The farmers and miners of the State thoroughly understand the situation and are almost to a man with the Silver party, while many merchants and others, who are dependent upon the farmers and miners, cling to the old parties, from neither of which the silver producing States can expect any relief from the general depression. This is so noticeable in Colorado, that the farmers and miners are appealing to the business men of Denver, the metropolis of the State, to assist them in the election of men, who will aid the silver cause by making a special fight for free coinage, independent of its effect on the Republican and Democratic parties. They state the fact that the antagonism demonstrated by the Republican and Democratic parties gives no hope whatever for any silver legislation from either of them. The silver planks in both platforms are mere subterfuges, and the endorsement of either of them by the people of the silver producing States, would postpone the enactment of a free coinage bill indefinitely. They say that the prosperity of the miners means prosperity to every industry, and to men engaged in all pursuits.

These appeals are signed by thousands of persons in the mining and agricultural villages. They are addressed to men's reason not to their prejudices and they are having a beneficial effect on the people of Denver, who are dependent upon the business of the outlying districts.

The conditions in Nevada are identical with those in Colorado. Reno, which with its great natural advantages, is destined to become to Nevada what Denver is to Colorado, would derive incalculable benefit from the free coinage of silver. The unlimited water power of the Truckee would be partly utilized in reducing ores, giving employment to a large number of persons and bringing people and trade to Reno from all points along the railroad which center here, yet Reno, outside of Carson, which is dependent upon the Mint, the State Capitol and the Penitentiary, has developed more opposition to the effort to remunerate silver than any other town in the State. This should not be, and if the people are true to their best interests it will not be. On election day Reno should roll up a majority for the Silver ticket, that will astonish the goldbugs and prove to the country that its citizens understand the situation and will vote for home and prosperity regardless of the effect upon place hunters.

Read in Albany.  
ALBANY, N. Y., October 22.—Hon. Thomas B. Reed of Maine addressed a Republican meeting of over three thousand people here to-night. Captain John M. Palmer, ex-Commander-in-Chief of the G. A. R., presided. The introduction of Reed was a signal for a rousing greeting. His remarks were frequently interrupted with applause.

TELEGRAPHIC NEWS

Stamboul Against Time

Stamboul, October 22.—Stamboul, the famous station owned by the Hobart estate, was driven by Walter Maben to-day against his record of 2:11 and made a mile in 2:10 1/4. His quarters were 32, 32 1/2, 33 1/4, 32 1/2, the half being made in 1:04 1/4. The wind was not favorable for record breaking in a mile but the horse made a great race to beat his mark. He will be driven again next Thursday and as he is improving fast he should go a better mile.

They Go to Learn the Ghost Dance.

CANSON, October 22.—Four Arrapahoe Indians accompanied by their mahabals and a Cheyenne interpreter, arrived in Carson on the way to the Walker Lake reservation where they to learn the ghost dance from the Mesquib. The Arrapahoes are Washoe, Standing Blackbear and Sitting Bull. The latter is no way related to the Sioux of that name. They represented the tribe who sold the Oklahoma land to the Government for \$1,600,000.

Escaped From Prison.

AUTUMN, N. Y., October 22.—Oliver Curtis Perry, the bold express robber who was recently sentenced in Lyons to half a century behind the prison bars, managed to escape from his cell this afternoon, and he is now either free or else hidden in some nook or corner of the large yard. The entire prison force is doing duty to-night to guard against his escape, providing he has not already scaled the wall.

California Oil Works Destroyed.

SAN FRANCISCO, October 22.—A fire to-night destroyed the California Oil Works on Folsom and Main streets, causing a loss of \$50,000. The oil works were owned by McKee and Cotton. G. E. Pennington & Son's steel works and Hobbs, Wall & Co's lumber yard were damaged by the flames. The fire was caused by an explosion in the oil works.

STEWART'S EXAMPLE.

Senator Wolcott of Colorado is following the noble example of Senator Stewart. He considers the remuneration of silver of greater importance than the success of party. In a speech delivered at Pueblo, Colorado, last Saturday night, he said:

"Follow citizens, the present Administration is not friendly to silver. It is opposed to it. It has been uniformly opposed to it. There has never been a time when the attitude of this Administration has been for the free and unlimited coinage of silver. Let us concede the truth and face the matter as it is. We have no hope, my friends, for free coinage for the next four years from either of the old parties."

That is the way the genuine silver men talk; the pewter-plated fellows, say "stick to the old parties."

Sentenced to Life Imprisonment.

MARYVILLE, October 22.—W. R. Lane was convicted of murder in the first degree and sentenced to life imprisonment. Last May he shot and killed Jesse Flowers at a moonlight picnic for being in company with his (Lane's) daughter.

There are 867 voters registered at Carson and 143 at Empire, showing a falling off of about 30 in the county.  
There are 21 voters registered in Pyramid precinct; 31 in Franktown precinct, and 101 in Glendale precinct.  
The Lesson Mail says some farmers in Honey Lake Valley are still busy haying, cutting the third crop of alfalfa.  
The social given by the members of Young Ladies Institute No. 23 Friday night was the social event of the season.  
Edgar Pattie, who was until recently employed on the Central Pacific Railroad, is bringing his family to Reno to reside.  
P. L. Flanagan has engaged pasture for 13,000 head of sheep on the ranches of Kelly, Shields and Sullivan on the meadows.  
The Geyser says George W. Mapes passed through Amdees last Monday with 600 head of beef cattle for the lower country market.

There are 1,281 voters registered in Reno. There will be three polling places, one in each ward, and the Australian ballot requires a booth for each fifty voters.  
District Attorney Julien returned from Washoe city last night. He says there are 51 voters registered and they are almost unanimous for silver. There was a lively meeting there last night.  
Congressman Bartine left for Wadsworth yesterday accompanied by D. O. Wheeler and S. A. Hamlin, Republican candidates for the Legislature. Mr. Bartine was announced to speak at Wadsworth last night.  
Attention is directed to the advertisement headed "Notice to Stockmen," which appears in this issue of the JOURNAL. The ranch is one of the most desirable in the country for stock raising and it will be sold at a bargain.  
The Grand Officers of the Order of Knights of Pythias will officially visit Pyramid Lodge No. 19, of Wadsworth, next Tuesday night. A number of members of the Order will accompany the Grand Officers, and a big time is anticipated. It is understood that special trains will be run from Carson, Virginia and Reno to Wadsworth.  
The Wadsworth Dispatch says: "The People's party of Washoe county made an excellent selection in nominating James F. Crosby for Short Term Commissioner. He is an old resident and one of the reliable men of the county. He is a man of sterling honesty, his word being as good as his bond. His nomination is particularly pleasing to the people of Wadsworth where he will get a unanimous vote."  
Mr. Newlands, upon hearing that the Finance Committee of the school had not raised sufficient funds to liquidate the expenses of the Columbian Day exercises, generously contributed the amount necessary to meet the deficiency. This is only one of the many generous acts of Mr. Newlands, who is never appealed to in vain for aid for any charitable purpose or public enterprise.

**HOW THE DAY WAS CELEBRATED.**  
The School Children, Seconded by the Veterans and the Kettler Corps, Honor Columbus.  
Last Friday opened with smiling skies. From early morning groups of school children were seen hurrying hither and thither, dressed in holiday attire, decorated with ribbons of red, white and blue. It was to be a children's day, and they evidently knew it. For some days they had been studying the history of Columbus, and had been anxiously awaiting the day and the proceedings that were to call to mind four hundred years of growth and progress.  
**THE PROCESSION**  
Formed about the High School grounds square, as announced in the published program. The gallant old Veterans of the Grand Army, twenty in number, under command of G. O. Wright, preceded by the Juvenile Band, headed the procession. After them came the children of the High School building, 350 in number, in columns of fours, each school having its own captain, assisted by one or more aids. The Catholic School, numbering about 40 children, came next in order, and made a very pretty appearance with their school banners, above which were borne the American flag. The School Trustees, County Superintendent and Public School teachers followed in order. Then came the ladies of the Relief Corps—twenty or more—under command of the President, Mrs. Alt, in carriages, followed by the Sanitary Faculty and students and the Officers of the Day.  
As the procession reached the Riverside School, on Sierra street, 160 little girls and boys were found standing in a column of fours ready to march. They fell in in good shape with the other school children, and materially added to the length and beauty of the procession.  
**HOW THEY LOOKED AND MARCHED.**  
Grand Marshal A. A. Evans and his aids, Benjamin Currier, Charles Norcross and R. C. Leeper, looked every inch soldiers, and managed the procession with ability. The school aids looked handsome in red, white and blue sashes, and the various divisions carried at their heads large American flags, while many of the pupils carried small ones.  
They marched, in the main, with much precision, and gave indication of much drill and interest in marching, though Professor Bray says that but little time, comparatively, was given to their preparation. Hundreds of people watched with much interest and pleasure the procession as it passed through the streets.  
**THE BICYCLISTS**  
Formed a novel and interesting spectacle. They kept just a little in advance of the procession, and added greatly to the interest in the same. There were nearly fifty wheels, all gaily decorated with American flags. Professor Robert Lewers of the State University led this feature of the procession.  
**CHEERING AND SALUTING THE AMERICAN FLAG.**  
A detail of the Veterans raised the flag on the school building, and as it reached the top of the staff, all joined in three hearty cheers for "Old Glory." At a signal from the Principal the flag was saluted by all the children, they at the same time pleading all-giances thereto. This was a very pretty feature of the exercises.  
**THE AUDIENCE AND THE EXERCISES.**  
By this time more than 2,000 people had assembled on the school grounds, where seats had been prepared for about 1,600. The band played, the President's proclamation was read, America was sung, prayer was offered, and then County Superintendent T. V. Julien made an interesting speech, devoted largely to the school children. He commended them for their patriotism, and asserted that the children of Reno were the noblest children of the noblest country on earth.  
Robert Beatty, in behalf of the school, delivered the Columbian oration, prepared for the occasion by the Youth's Companion. It was worthily delivered, and Robert received commendations on all sides for his efforts. Miss Margaret Hymers recited in a most creditable manner the Columbian Ode. Mrs. B. F. Layton sang in her inimitable manner "The Star Spangled Banner," after which Mr. O. A. Jones delivered, in an eloquent manner, a most interesting address on Columbus and his times, and their relation to the present. He, in closing, paid a glorious tribute to the Veterans, all of whom were seated on the stage as guests of honor.  
Miss Ione Gould recited "The American Flag." She has a fine voice, an expressive face, an excellent delivery, and brought out in their best light the many beauties of Drake's grand tribute to "Old Glory." A cantata by High School girls, and "Chris, the Sailor," by the Riverside School, were special features of the exercises, and were warmly applauded.  
**DECEORATIONS.**  
The High School building was beautifully draped in national colors. Among many American flags was a handsome Spanish flag made by Miss Helena Joy. Many public and private buildings along the line of march were liberally decorated with bunting, and flags floated from all the flagstuffs in the city.  
The procession looked the sheen of bright rifles and bayonets, and the clang of arms—for that the military organizations are responsible; but in numbers, in gay costumes, in joyous hearts and patriotic impulses, it was Reno's grandest showing, and was a credit alike to the schools—public and private—to the town, and to the State.  
**The Old Way**  
is to take pills when you are constipated or bilious, but they don't go down easy, and when they get down there's a shudder. The better way is to take Simmons' Liver Regulator, nature's own remedy, purely vegetable, in liquid or powder form. You can take a pinch of the powder on the tongue and with a sup of water swallow it without taste. The Regulator tones up the digestive organs and prevents indigestion and Constipation.

**A CARSON MAN'S OPINION.**  
The Conclusion Thinking Men are Arriving at.  
EDITOR RENO JOURNAL:—As the present political campaign draws to its close, it seems to me that the thinking men, property owners and old time residents are arriving at the conclusion that to bring about the future prosperity of our much abused State, old party lines must be thrown down, and "Vox Populi" made the war cry of the times.  
I am fully believe that the People's, the "Silver party," will be successful on election day, as that this globe will continue to revolve in its proper orbit and day by day I become more convinced that I am right.  
Take our candidates for United States Senator and Congressman into consideration and what conclusions can an intelligent person arrive at as to the probable outcome other than the success of the sovereign people.  
W. M. Stewart vs. Bartine! Think of it! Compare the two, and let any thinking old time Nevada, a man who has made the State his home, and helped to advance its interests since its wondrous silver mines made it the actual savior of the nation! Pause and consider of what possible use H. F. Bartine can be in the grand apparitions of Congress. It takes a man of commanding personnel, and influence to affect permanent good for the State he represents and Senator Stewart having proved his efficiency certainly ought to be preferred to his present opponent, the which I believe him to be in name only, and brought to the front as a possibility, leaving an opening for some "sack owner."  
In this connection I cannot help referring to the incongruity of Bartine and Woodburn, running on the same political ticket.  
As to Mr. Newlands, I am proud to say that whenever he addresses the public he commands respect, for all who listen to his remarks concede that none but an educated gentleman could utter them, for no vituperative abuse escapes during his speeches and when compared with his opponent he shines so preeminently the superior that he commands respect. I feel as certain that W. M. Stewart and F. G. Newlands will be elected as that I have a happy resting place prepared for me in that glorious future home for defunct newspaper men.  
**COLUMBIAN EXERCISES.**  
A Splendid Entertainment Given at the University in Honor of the 500th Anniversary of the Discovery of America.  
The large assembly room in Stewart hall was filled to overflowing Friday evening with a representative gathering of the culture and refinement of the riverside town.  
The hall was decorated with bunting, streamers of evergreen flags of stars and stripes, flags of Italy and the flags of Spain vying with each other as if to add something inspiring to a scene that was certainly very brilliant.  
At a few minutes after eight President Jones called the meeting to order, and briefly stated the object of the meeting. The University orchestra, under direction of Professor Hillman, rendered a number of the airs of America that have become National through universal use, including the "Star Spangled Banner," "Dixie," "Home, Sweet Home," and not forgetting "The Girl I Left Behind Me," and the National air of Pike.  
Miss Agnes Bell followed, reading the President's and Governor's proclamations in a very pleasing manner. Mr. E. E. Caine delivered the address of the evening. It was an exceedingly well prepared oration and effectively delivered.  
An instrumental solo by Miss Estella Linscott as well as an original poem read by her elicited well merited applause.  
Miss Estella Webster recited a Columbian poem in an excellent manner.  
Miss Mabel Stannaway sang "The Star Spangled Banner." An essay on Columbus by Mr. H. E. Stewart, and the closing strains of the orchestra completed a very delightful evening and a fitting commemoration of the achievements of the great navigator.  
**BECK AT LOVELOCKS.**  
He Congratulates the People on the Stand They Have Taken  
H. H. Beck addressed the people of Lovelock a few nights ago, on the political issues of the day. He congratulated them upon the stand they had taken for Nevada and its interests.  
"In speaking of the 'horizontal raise,'" says the New Era, "he said we pay yearly \$321,000 of taxes to support the State government, and of this amount a good portion goes to support gold bug officers; that there was only one State officer who was not pitted against the people in their present fight. He showed how extravagantly our State was run compared with other States, and gave some interesting figures. He had been called an Independent. He said then there are only two parties—Independents and Dependents—which would you choose? Senator Stewart was extolled, and in comparing him with Bartine, said the latter could only half fill his chair in the Senate."  
**Church Notices.**  
Trinity Church—Rev. Erasmus Van Deertin, Rector—Nineteenth Sunday after Trinity: Holy Communion (Whitaker Hall) 7:30 A. M. Matrons and sermon 11 A. M. Evensong and sermon 7 P. M. Friday, St. Simon and St. Jude, Holy Communion at 10 A. M. Litany and Instruction at 7 P. M. Seats free. All welcome.  
M. E. Church—This Sabbath at the M. E. Church in the morning our theme will be: "The Way to Success," and in the evening we will present the third lecture in the series on Everlasting Punishment.  
Baptist Church—Services morning and evening at usual hours. Young people's meeting at 6:15.  
Congregational Church—Subject of sermon to-day at 11 A. M., The Riches of Earth and the Riches of Heaven Contrasted. Evening, Discovery of the World. All invited.

**TENNIS TOURNAMENT AT THE UNIVERSITY.**  
Mr. Durkee and Miss Stannaway the Champions.  
The tennis tournament at the University was finished yesterday. It was characterized throughout by some of the best playing ever seen in Reno. There were ten entries in the gentlemen's singles. The first match was between A. M. Lewers and H. E. Stewart and resulted in favor of Stewart, 6-4, 6-4. Second, C. B. Lewers and A. Flood, won by Lewers, 6-0, 6-3. E. E. Caine and W. Flood, won by Caine, 6-0, 6-2. Mr. Flood put up one of the best games in the preliminaries but was outclassed. A. Cahan and F. Thompson, won by Cahan, 4-6, 6-1, 6-3. E. E. Caine and A. Hansen, won by Caine, 6-2, 6-3. A. Cahan and J. Durkee, won by Cahan, 6-6, 6-3. C. B. Lewers and A. Cahan, won by Lewers, 6-0, 4-0. Mr. Cahan was unable to complete the second set on account of having met with an accident in the morning. E. E. Caine and H. E. Stewart, won by Caine, 6-1, 6-6. Stewart played so well that for some time the result was uncertain. E. E. Caine and C. B. Lewers then played for the all-comers' championship. The three sets played were characterized by long dense games and hard volleys. They were won by Caine, 6-0, 6-2, 6-1. This left Mr. Caine the champion of the all-comers and the challenger of S. Durkee, the last year's champion. Caine and Durkee met on the court at 1:45 and played steadily until 5:30. From the beginning to the end every point was fought for with a grim determination to win, and at no time was it apparent who would be the winner. Mr. Durkee played hard drives from beginning to end but Mr. Caine returned nearly all of them with ease. In one of the games the score stood at twelve fourteen times. Four sets were played, three of which were won by Mr. Durkee, 8-6, 11-9, 6-8, 6-4.  
There were four entries in the ladies' singles. The first players were Miss French and Miss E. Newlands. The match was won by Miss Newlands, 6-4, 6-1. Miss Stannaway and Miss Martin, won by Miss Stannaway, 6-1, 6-3. The finals were then played between Miss Stannaway and Miss Newlands. This match was hotly contested and was won by Miss Stannaway, 10-8, 6-1. Miss Stannaway is now the lady champion of the University.  
**THE STOWAWAY**  
The Great Attraction at the Opera House.  
The sterling English melo-drama, "The Stowaway," will be the attraction at Piper's Opera House one night, Saturday, October 29th. This great play is now in its sixth season, and has at yet shown no signs of diminishing in popularity. This season it will be entirely replenished with new and gorgeous scenery and effects, making it practically an old favorite in a new dress. Manager Davis has always observed one principle in the production of "The Stowaway," and that is, that no play can be successfully presented without the players; the result of which is, that he has always produced this piece with great success, owing to his always having a capable company. This season the cast includes several of the members of the original company.  
**FOSTER'S WEATHER FORECASTS**  
A Severe Storm About the End of the Month.  
Copyrighted 1892 by W. T. Foster.  
ST. JOSEPH, Mo., October 21, 1892.  
My last bulletin gave forecasts of the storm waves to cross the continent from 24th to 28th, and the next will reach the Pacific Coast about the 29th, cross the Western mountains by the close of the 30th, the great central valleys from October 31st to November 2nd, and the Eastern States about November 3rd.  
This will be a severe storm, and at its greatest force while crossing the Mississippi valley. An electric storm will probably accompany this disturbance, causing many difficulties in the telegraph service. This electric storm will probably be at its greatest force about November 4th or 5th.  
The cool wave will cross the Western mountains about November 1st, the great central valleys about the 3rd, and the Eastern States about the 5th.  
By Special Request.  
Dr. Freeman will visit Reno at the Riverside Hotel, Sunday and Monday, October 23d and 24th, fully prepared to treat all diseases of the eye, ear and nose and also catarrh. Eyes tested for spectacles; old sores cured; all chronic and private diseases; all deformities of the body or limbs. Rupture positively cured; no pain; no operation. We refer to J. Hope, Empire, cured, and C. Haller, Verdi. Remember the date.
